

How to check PLAYBACK in DVR

How to check **PLAYBACK** in DVR:

Click search button in the main menu, search interface is shown as below. See Figure-1.
Usually there are three file types:

- **R: Regular recording file.**
- **A: External alarm recording file.**
- **M: Motion detection recording file**

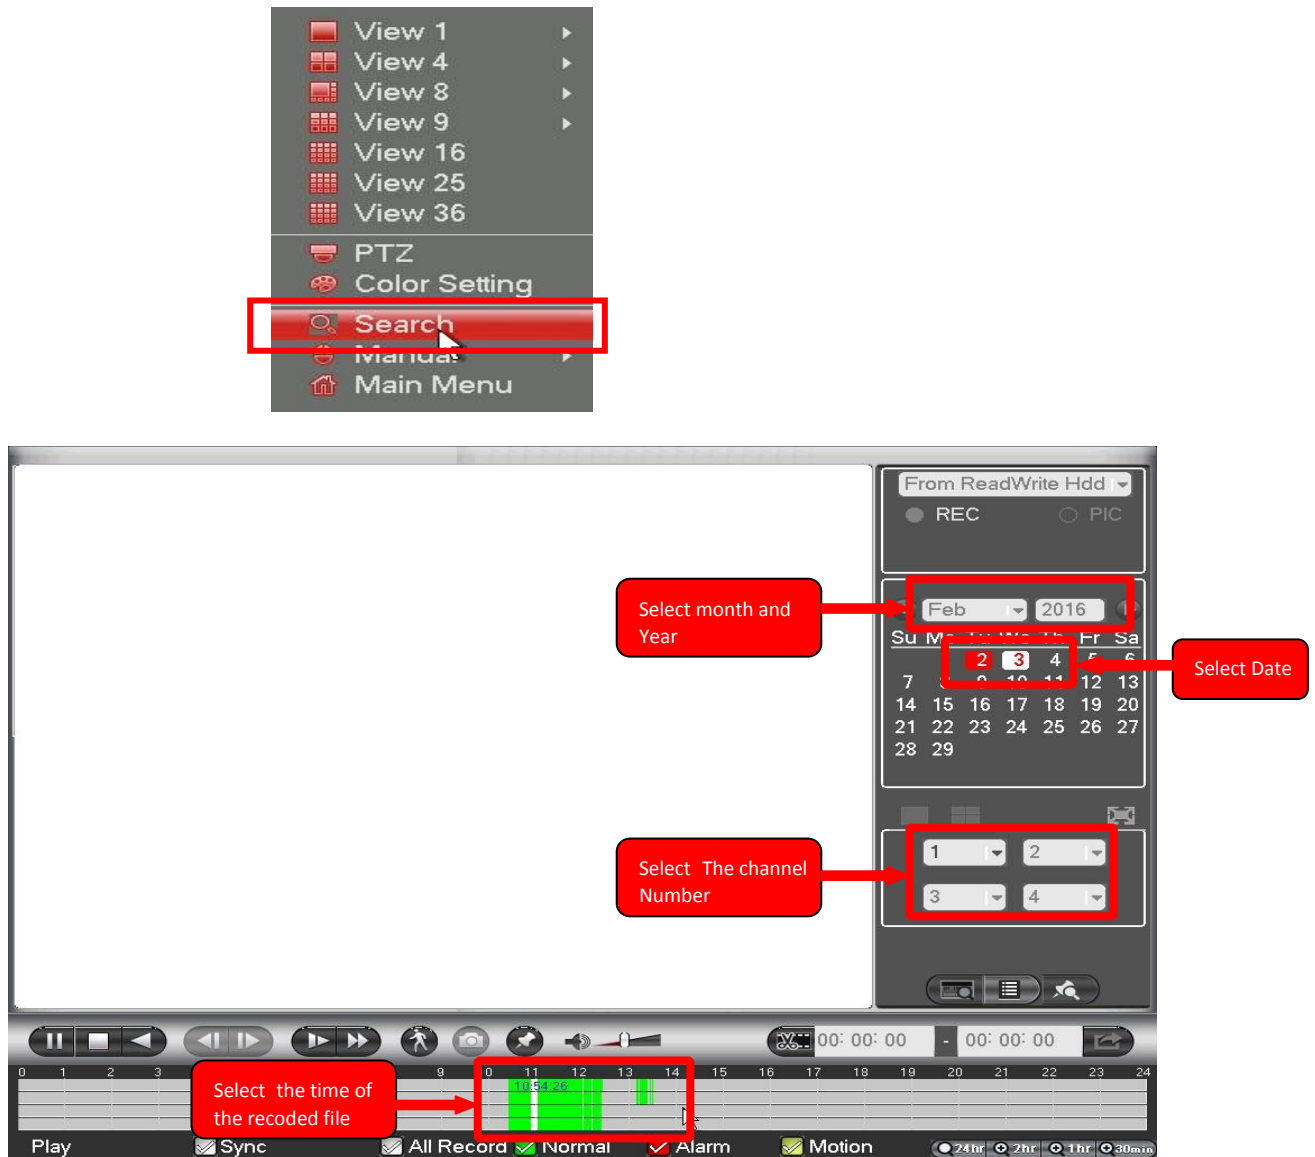

Figure-1

Select the **date** from the calendar, **channel numbers** for which you want to view the recordings and click on required time in the timeline. Now you can view the playback. See below figure

The interface displays a live video feed in the top-left corner showing a woman sitting at a desk reading a document. To her left is a globe, and to her right is a large electric fan. The background shows a window with a view of a building.

On the right side, there is a control panel with the following elements:

- Source: From ReadWrite Hdd
- Mode: REC (selected), PIC
- Calendar: Feb 2016
- Calendar Grid:

Su	Mo	Tu	We	Th	Fr	Sa
	1	2	3	4	5	6
7	8	9	10	11	12	13
14	15	16	17	18	19	20
21	22	23	24	25	26	27
28	29					
- Channel selection: 1, 2, 3, 4
- Icons for camera, menu, and search.

At the bottom, there is a playback timeline and control bar:

- Timeline: 0 to 24 hours, with a green bar indicating a recording event between 11:43 and 12:29.
- Playback controls: Play, Stop, Previous, Next, Full Screen, and a seek bar.
- Time: 00:00:00
- Settings: Play, Sync, All Record, Normal (checked), Alarm, Motion, 24hr, 2hr, 1hr, 30days.
